Introduction:

Big Tits Boss is a [Big Tits](#) site. Let these ladies show you whose boss. They are smokin' hot, have the most perfect tight little bodies and big, beautiful tits... but they are also your boss! They climbed their way to the top one cock at a time and now it's their turn to use their power to get themselves off.

Review:

It's all work and hardly any play for these lovely ladies. That's why when they see an unsuspecting delivery boy or bike messenger headed their way the thong gets ripped off and the cocks get rammed in. Watch these black widow bosses entrap unsuspecting underlings in their web of sex-starved desire. They are so hot and horny from long hours behind a desk that they can't control themselves. It's a virtual fuck fest in the breakroom when these bosses demand to be serviced.

[BigTitsBoss](#) features high quality video clips available for download to your hard drive, as well as selections that can be watched as streaming video. The average playback size is 480 x 320. Although this isn't DVD quality video, the image is crystal clear when played back at normal size. You will experience some slight pixilation and blurring if you enlarge the clip to full screen but the image can still be watched.

That being said, you will still have access to over 8 hours of big tit boss fucking to enjoy right now and the network access mentioned above will keep you plenty busy while this site continues to grow.
