

Review of [Casting Couch Teens](#)

Introduction:

Casting Couch Teens is a [Teen](#) , [Reality Porn](#) site. Hardcore action is often best when it is spontaneous. These cuties find their way onto the casting couch before they fully understand the real way into the porn business. CastingCouchTeens brings you some bone-jarring anal auditions and a whole lot of other hot action starring new sexy starlets and some failed wannabees as well.

Review:

The team at [CastingCouchTeens](#) really cares about their work, and their job is pretty simple. Step 1: Find a fresh-faced young teen. Step 2: Audition them and find out how far they're willing to go on camera. Step 3: Take the girls for a test-ride and make sure they can do it all.

[CastingCouchTeens](#) uses a basic but proven formula for all of its scenes. The site finds hot young girls who think they have what it takes to make it big in Porn Valley. They are then led to a big comfy couch, and interviewed for a few minutes before the real audition starts when a male co-star fucks them silly while the cameras roll.

There are currently 84 exclusive auditions at [CastingCouchTeens](#). Every scene has both vidcaps of the action, and higher-quality digital scans. Most of the digital sets include both hardcore and softcore stills, so if there's a girl you find especially hot, then you'll really enjoy seeing her slowly strip down naked.

You also have a lot of video options. If you want to get right to a specific part of the video, you can use the storyboard that is provided for each scene, which divides it into 60 second clips that you can stream in three different resolutions. Or if the entire storyboard looks good to you, you can also stream the full length scene as a .wmv, also in three different resolutions.

All [CastingCouchTeens](#) scenes are available for download to your hard drive. But only download those that are your absolute favorites, because there is a 6 scene download limit per 24 hours. Because of this, the 3 day trial membership that costs \$4.95 isn't a great value. Definitely go for the monthly membership (\$29.98

credit card, \$34.95 check) if you like the girls on the site, since you'll want to save these clips to watch them again and again. And there is no DRM, which means you can.

Monthly memberships are also granted access to a huge mega-network of high quality exclusive content. With your [CastingCouchTeens](#) membership, you'll also be able to access these sites:
