

Review of [Her First Big Cock](#)

by the Stroke King's [Adult Reviews](#)

Introduction:

Her First Big Cock is a [Big Dicks](#) , [High Def Porn](#) site. Sluts who tell their boyfriends with averages-sized peckers that size doesn't matter are too stupid to realize they're wrong. But once she feels Her First Big Cock slide into her pussy and tickle her uterus, she'll then see the light and never settle again for a small-dicked man.

Review:

The only thing larger than the cocks at [Her First Big Cock](#) is the amount of content. This site is nearly 5 years old and has over 200 exclusive scenes for your viewing pleasure. The premise of this site is simple: find whores who love big dicks. There is minimal setup and plot to each scene and most get right to the good part. The majority of the scenes are interracial with a white girl enjoying two big black cocks, though there are also some Latina and Asian girls as well. Some scenes are one-on-one and some also feature white guys. One of the best recent updates features the perky blonde Bree Olsen getting her pink pussy pounded by two black thugs on matching pink sheets.

Over the last year all new [Her First Big Cock](#) videos were uploaded in HD. The High Def format is a 1068 x 600 .wmv file encoded at 3680Kbps. If the HD file is too big for you to handle, then there are four other lesser-quality options to choose from. All High Def videos can be downloaded or streamed either as a complete file or in separate pieces. Once they're on your hard drive they are yours to keep since no form of DRM is used. New episodes are uploaded about once per week, and most of the videos are about 40 minutes long.

When you first log into the members area of [Her First Big Cock](#) you'll notice that it is well designed and easy to surf. The most recent update is featured in the very center of the page along with some supporting thumbnails and text. Since the site is huge, a search feature is available to make finding your favorite whore easy. And if there's an up and coming starlet you'd like to see stretched out, use the virtual suggestion box to bring your thoughts directly to the webmasters.

All of the exclusive scenes are organized in a grid-like pattern with twelve episodes per page. Every episode is shown with a thumbnail and name of the huge cock lover, along with a few icons that tell you what content is available. It's important to pay close attention to these icons since not every scene has downloadable content.

You can access the photo galleries for each set from these pages. The pictures are shot with a high quality camera and presented in 800 x 533 resolution. Most sets have well over one hundred pics and depict both the hardcore action as well as some softcore posing.

You can join [Her First Big Cock](#) for a month for \$29.95 which is payable with a major credit card or with an online check. Full monthly memberships also give members access to a network of 23 additional XXX sites that also features lots of exclusive HD videos in a nice variety of popular niches. The search function works across the entire network and it's very likely that your favorite pornstar appears on more than one site. The updates are staggered so you'll get to enjoy new HD porn on a daily basis. Finding the newest content is very easy if you follow the network's update calendar that is available on the bottom of the main members page.

First month members are able to download up to 24 videos. If your membership is renewed that limit will be extended to 48 videos per month that you do not cancel. Not every video is downloadable so this limit may last you longer than you first may think.

[Her First Big Cock](#) also has a few different selections of trial memberships but none are really worth it. It will take you a long time to go through just this site alone. Plus, you won't be able to download any videos and you won't be able to access the entire network of sister sites. And if you let the trial convert to a monthly, the price goes up to \$39.95.

Scoring:

DESIGN, EASE OF USE: **8.0/10** (.)
