Introduction:

See Her Squirt is a [Squirting](#) site. Some people think that men won the lottery when it comes to getting the most enjoyment out of sex. After all, the sex doesn't stop until the guy blows his load, and nothing can put a smile on a guy's face quicker than looking down at his seed splattered all over a slut's chin, ass, or stomach. Some whores just don't think that's fair, especially those at SeeHerSquirt.com

Review:

I really have no idea how common it is for a slut to squirt when she's getting fucked in real life. But I'd have to guess that it doesn't happen all that often, so guys who like this kind of mess usually miss out. These guys usually have to get their fix second-hand, and luckily for them the porn gods smiled down upon them by creating SeeHerSquirt.

The name is pretty self-explanatory. If you want to see jets of pussy-juice shoot out of pornstar cunts while they masturbate and get pounded, then look no further, because you found your Garden of Eden.

SeeHerSquirt.com currently has 61 exclusive scenes of hardcore squirting. Every scene has both pictures and videos. If you prefer to see pussy-waterfalls frozen in time, then you'll love the high quality digital scans. Each episode's picture set shows the sexy squirting slut rubbing her pussy before aiming her super-soaker snatch at the camera and letting her spray fly. The newest [See Her Squirt](#) scenes freeze this action in crystal clear 900 x 600 resolution, so you can see every droplet. Older scenes use 600 x 400, which is good enough to see the general direction of the current.

The videos at SeeHerSquirt.com feature both solo and fucking action. A typical video begins with the squirter seductively playing with her pussy before she douses herself and anyone around her. This is then followed by a really good pussy pounding that makes her open her floodgates yet again. The videos can either be downloaded or streamed. All of the videos are in .wmv format, and the full-length streams come in three different speeds. Only one full-length download option is available (360 x 240 .wmv for newer vids, 360 x 240 .wmv for older content). If you want to skip right to the squirts, a video storyboard makes it easy for you "[See Her Squirt](#)".

SeeHerSquirt has a clean design that is easy to navigate. Each new squirter appears at the top of the members area. If you click on your favorite squirter, you'll then be brought to the episode's main page where you can then move to the videos and picture sets.

You can get see all this squirting for \$29.98 per month if you choose to sign up with your credit card. If you're not sure squirting is for you, then you can also sign up for a limited 3 day trial for \$4.95. If you're planning on downloading all of the videos to watch after you fail to get your wife or girlfriend to squirt, then you'll need to me a monthly member. The site has a 6 scene download limit per 24 hours. But monthly membership has other benefits, namely access to a huge network of other sites that feature exclusive niche content: [XXXProposal](#), [HornySpanishFlies](#), [BigCockTeenAddiction](#), [RoundMoundofAss](#), [XXXAction.com](#) , [MrChewsAsianBeaver](#), [BigTitPatrol](#), [TheBigSwallow](#), [BigLeagueFacials](#), [PleaseBangMyWife](#), [BusStopWhores](#), [NastyMovieMadness](#), [BlindDateBangers](#), [CollegeTeensBookBang](#), [ISpyCamelToe](#), [MrBigDicksHotChicks](#), [TinysBlackAdventures](#), [LesbianTeenHunter](#), [GiantsBlackMeatWhiteStreet](#), [FilthyFredAmateurs](#), [CastingCouchTeens](#), [TeenyBopperClub](#).
