by the Stroke King's [Adult Reviews](#)

## Introduction:

Stacy Bride is a [Teen](#) , [Solo Girls](#) , [Lesbians](#) site. Stacy Bride was a shy girl who finally decided she had to rebel. At 18 she answered a Lightspeed ad for some new talent models. People always told Stacy she had a hot little body, but putting it to the test live on the web took real courage. Who knew she would love getting naked and showing it all off in front of the camera?

## Review:

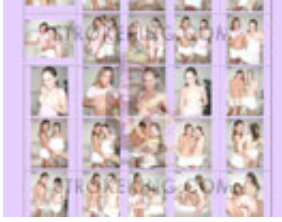

[Stacy Bride](#) has some of the longest nipples I've ever seen. A cute and bubbly little 18er that has found out she loves to show off her body; Stacy is well on her way to becoming a successful nude model. Being naked for you turns her on almost as much as it turns you on! Even better, she often invites her friends to visit so that they can release all their pent up teen sexual energy together and you get to watch every wet moment of the action! Let StacyBride show you just how hard her nipples can get and how pink her hairless pussy can be.

If you really enjoy high quality photos of sexy girls stripping and spreading themselves wide open for you to get a good look, then the Lightspeed Teen Network is a great site for you and worth checking out. The main stay of their sites is a huge photo library shot at relatively high resolutions. StacyBride currently features 60 of these photo sets and it is currently updating every Friday. A typical photo set will contain over 50 individual pictures and the resolution peaks at 768x1024px. They are super clear and will make excellent additions to your permanent collection. With over 3000 photos to choose from, there is guaranteed to be something here to get your cock hard.

At press time, StacyBride had 14 videos posted, but video is clearly not the main focus of the site. The video is a combination of hardcore and softcore material with a few clips focusing in on a limo full of naked Lightspeed girls grinding, kissing and rubbing on each other. The video is hot but you are not going to find serious head back, sweaty, callin' her name till she cums footage.

Of the 14 videos that did find their way to StacyBride, they are all posted at a resolution of 480x360. This is the standard resolution that Lightspeed uses for all its video content. If you watch the video at its normal size, the image is pretty good. You can watch the video in full screen mode, but there will be some blurring and pixilation of the image. The site is both broadband and dial-up friendly since the videos are posted as full files and as sectioned video clips. Broadband users will want to download the full files, which average between 30 and 100MB each. For dial-up users the clips are edited into manageable segments for downloading. These segments average about 9MB each so even dial-up users should be able to download them with little to no problem. All files can be downloaded as .wmv, .mpeg, Quicktime, ipod/psp or mobile 3g2 files.

By joining StacyBride you will gain access to the Lightspeed Teen Network. Lightspeed specializes in the 18 to 20-year-old niche. Most of their content is of individual girls pages but all the girls mingle and fool around with each other to varying degrees. So on StacyBride you can expect to see her get busy with NikkiGrinds, XXXRaime, DirtyAly, etc. If you go with Lightspeed's premium package for \$39.95 you will be granted access to over 30 other sites in their network. [TaylorLittle](#), [XXXRaime](#), [FaithLightspeed](#), [JordanCapri](#), [Reel18](#), [DanaLightspeed](#), [LittleTroubleMaker](#), [ToriStone](#), and [AshleyLightspeed](#), are just a few examples of some of the other sites you will have access to with your membership.

StacyBride won't be wearing white on her wedding day.
