

Review of [XXX Raimi](#)

by the Stroke King's [Adult Reviews](#)

Introduction:

XXX Raimi is a [Solo Girls](#) , [Lesbians](#) , [Teen](#) site. XXXRaimi is a twenty-year-old hottie who has always known she was a full on exhibitionist. After years of dreaming of starting her own website so that she could get naked and get-off in front of the camera, her wildest dreams and fantasies of fantasies of XXXRaimi finally came true... and yours too.

Review:

At twenty years of age, [XXXRaimi](#) looks like she was built for sex. She's young and she loves to have fun with her girlfriends. They swim and get naked together, they laugh and talk dirty and fuck each other's pussies till they cum. Combining hardcore and softcore content, [XXXRaimi](#) will have your cock harder than a 2x4 as Raimi fucks and flirts with all her hot teen party friends.

When you consider joining the Lightspeed Teen network, keep in mind that you are joining a group of sites that features both hardcore and softcore entertainment for your viewing pleasure. It is also a site that considers its photo offerings as a main component to the site along with all the video content. In addition, Lightspeed has gone the extra mile when it comes to file formats offered for download. Files are available in Windows Media format, MPEG format, Quicktime Format, Ipod/PSP format or mobile 3g2 format. So whether your watching smut from your desktop or ipod, Lightspeed has just what you need, hot teens and tons of file formats.

[XXXRaimi](#) is adding content weekly and currently features 78 videos to date. Most of the content is girl on girl and the type of stuff you find inside varies greatly. Since it combines hardcore with softcore porn some scenes are very tame with topless girls frolicking in the pool and looking at each other's pussies. Other scenes will be more hardcore in nature with girls fingering each other or masturbating together. One thing is certain, the actions hot and these girls are fucking sexy.

File sized vary just as much as the content. Some scenes are much longer than others in

turn creating a larger file. A scene where Raimi masturbates with a friend will run 5 minutes long and be 39MB as a Quicktime file. This is for a video presented at a resolution of 480x360. Some scenes are shorter and smaller but not many. For broadband users these files are very manageable. Dial-up users may find themselves with some long download times but if your connection can handle it, the content is worth it. When viewed at its normal size the video quality on [XXXRaimi](#) is decent. Video shot at 480x360 does begin to deteriorate a little bit as you enlarge the viewing image to full-screen.

Along with all the video content, [XXXRaimi](#) offers members access to tons of screen captures and hi-resolution photos. The screen captures are hot action shots caught with the video camera. These are presented at 720x480, which gives you a decent image. The hi-res photos are shot as high as 685x1026 and these images pop. They are professionally shot and posed and look as if they could get placing in any of the top smut magazines. They are definitely worth saving to your still photo collection.

The site design of [XXXRaimi](#) follows the typical Lightspeed Teen network format, which gets about a 'C' in the old grade book. There is definitely room for improvement. The layout is simple and straightforward but I don't like how they mix content under some of their links. For example, they have 'recent updates' and 'most popular' but these can take you to either photo or video content. If you're looking for a sure bet with video content, use the link that is labeled 'video'. One thing is good, this design is the same for all their other sites so once you get used to it, you're golden.

Membership to [XXXRaimi](#) is \$39.95 a month and this is a recurring monthly charge unless cancelled. This is a bit more costly than membership to some of the other networks out there but if you are into the teen scene, Lightspeed is a major player. They have also put together a generous package for new members, which includes free access to over 30 other sites in their network. [JordanCapri](#), [LightspeedSorority](#), [TaylorLittle](#), [LittleTroubleMaker](#), DirtyAly, [FaithLightspeed](#), [AshleyLightspeed](#), [ToriStone](#), [DanaLightspeed](#) and [Rachel18](#) are all examples of sites that are included in your monthly membership fee.
